

INTRODUCTION

ARPRIC is an India-based export-focused brand supplying high-quality spice powders to international markets across Asia, Middle East, and other regions. We work closely with selected processing units and supervise strict quality control to ensure consistent color, aroma, and purity in every batch. Our focus is to build long-term partnerships with importers and distributors.

WHY CHOOSE ARPRIC

- Quality Supervision at Processing Stage
- Consistent Color, Aroma & Purity
- Controlled Moisture Levels
- Flexible Packing Options
- Timely Shipment Coordination
- Transparent Export Documentation

PRODUCT SPECIFICATIONS

RED CHILLI POWDER

ARPRIC supplies export-grade red chilli powder processed under strict quality supervision. The product is finely ground, maintaining natural color and pungency suitable for international food markets.

HOW TO HANDLE:

- Store in a cool, dry, and well-ventilated area
- Keep away from direct sunlight to maintain color and pungency
- Avoid exposure to moisture to prevent clumping and spoilage
- Ensure bags are tightly sealed after opening
- Handle with clean and dry equipment to maintain hygiene

KEY SPECIFICATIONS:

- Heat (SHU): As per requirement
- Moisture: 8–10% Max
- Color: Bright Red
- Mesh Size: As per requirement
- Packing: 25kg / 50kg PP Bags
- Loading Capacity: Approx. 17–19 MT per 20ft container

PRODUCT SPECIFICATIONS TURMERIC POWDER

Our turmeric powder is processed from high-quality turmeric fingers and finely ground to maintain strong color and curcumin levels suitable for food processing and retail markets. "One of our high-demand products in international markets."

HOW TO HANDLE:

- Store in a dry place to avoid moisture absorption.
- Protect from direct sunlight to preserve color and curcumin.
- Avoid contamination by keeping away from strong odors.
- Use clean scooping tools to maintain food-grade quality.
- Keep packaging sealed properly after use.

KEY SPECIFICATIONS:

- Curcumin: 2% – 5%
- Moisture: 8% Max
- Color: Yellow / Deep Yellow
- Mesh Size: As required
- Packing: 25kg / 50kg
- Loading Capacity: Approx. 19–20 MT per 20ft container

PRODUCT SPECIFICATIONS

CUMIN POWDER

Cleaned, graded, and finely ground cumin powder with strong aroma and consistent quality suitable for spice blends and food processing.

HOW TO HANDLE:

- Store in airtight conditions to preserve aroma.
- Keep away from moisture and humidity.
- Avoid exposure to heat and sunlight.
- Maintain hygienic handling during usage.
- Ensure proper sealing after opening.

KEY SPECIFICATIONS:

- Purity: 99%+
- Moisture: 8–10%
- Color: Brown
- Mesh Size: As required
- Packing: 25kg / 50kg
- Loading Capacity: Approx. 16–18 MT per 20ft container

PRODUCT SPECIFICATIONS CORIANDER POWDER

High-quality coriander powder processed to retain natural flavor and aroma, widely used in food applications and spice blends.

HOW TO HANDLE:

- Store in a cool and dry place.
- Protect from moisture to maintain freshness.
- Avoid mixing with other strong smelling products.
- Use clean tools while handling.
- Keep packaging tightly sealed.

KEY SPECIFICATIONS:

- Purity: 99%+
- Moisture: 8–10%
- Color: Light Brown / Greenish
- Mesh Size: As required
- Packing: 25kg / 50kg
- Loading Capacity: Approx. 16–18 MT per 20ft container

PRODUCT SPECIFICATIONS BLACK PEPPER POWDER

Finely ground black pepper powder with strong aroma and pungency, suitable for seasoning and food processing applications.

HOW TO HANDLE:

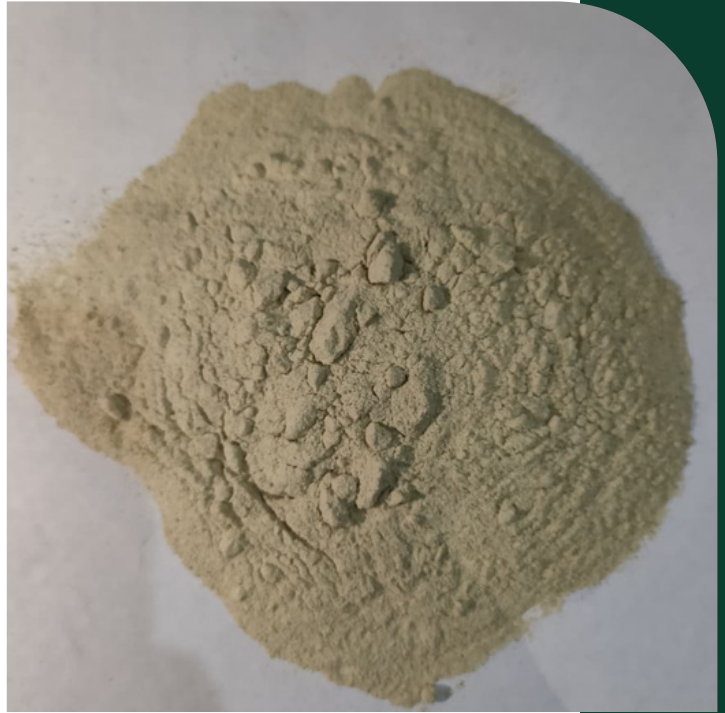

- Store in airtight containers to retain aroma.
- Keep away from moisture and humidity.
- Avoid direct sunlight exposure.
- Maintain clean handling conditions.
- Reseal packaging immediately after use.

KEY SPECIFICATIONS:

- Purity: 99%+
- Moisture: 10–12%
- Color: Dark Brown / Black
- Packing: 25kg / 50kg
- Loading Capacity: Approx. 16–18 MT per 20ft container

PRODUCT SPECIFICATIONS WHITE PEPPER POWDER

Premium quality white pepper powder processed for uniform color and mild pungency suitable for high-end food applications.

HOW TO HANDLE:

- Store in dry and hygienic conditions.
- Protect from moisture and contamination.
- Avoid exposure to strong odors.
- Keep sealed properly to maintain quality.
- Use food-grade tools during handling.

- Custom Blends (as per requirement)

CERTIFICATIONS & COMPLIANCE

- ISO Certified Quality Management System
- FSSAI Registered Food Business Operator
- IEC Registered Export Entity
- GST Registered Business

These certifications ensure compliance with international food safety and export standards.

GLOBAL DEMAND

According to international trade data for 2024, Indian spices continue to witness strong and stable demand across major importing countries worldwide.

Key markets such as the United States, Europe, Middle East, and Southeast Asia show consistent import activity driven by growing consumption in food processing, retail, and horeca sectors.

Countries like Indonesia, UAE, Saudi Arabia, and Malaysia remain active buyers due to continuous demand for spice powders in packaged food and seasoning industries.

India has strengthened its position as a reliable global supplier through structured processing systems, competitive pricing, and quality-focused export practices.

With expanding market reach and increasing consumption trends, Indian spice exports continue to show sustained global momentum and long-term growth potential.

PROCESSING & QUALITY CONTROL SYSTEM

At ARPRIC, spice powders are processed through carefully selected and quality-assured processing units in India. Each stage of cleaning, grinding, and packing is supervised to maintain export-grade standards suitable for international buyers.

We follow a structured process to ensure consistency, hygiene, and controlled quality parameters across every shipment.

Processing Steps:

- Raw material sourcing from verified suppliers
- Cleaning and impurity removal
- Controlled grinding process
- Sieving and grading
- Moisture testing and quality inspection
- Standardized packing and labeling
- Container loading supervision
